Financing

Why Lease?

In a dynamic business environment leasing gives you more flexibility; it helps you keep up with equipment technological advancements, and may even offer significant tax advantages.

The financial advantages:

- 100% financing
- Lower payments than other types of financing
- Allows for more flexible cash budgeting
- Off balance sheet financing conserves existing credit
- Monthly payments are fixed and thus protected from inflation
- Provides positive cash flow with sale/lease-back programs

Creative Leasing

By working with FCM Rail, you keep your options open for obtaining new technology, ensuring you're at the top of the curve for efficient, effective and economical equipment - advanced equipment that will keep you ahead of the competition.

Lease options for any budget

Whatever the size of your company, FCM Rail offers custom financing programs that allow you to select the railroad equipment you want -- from tampers to spikers to tie cranes and more -- without compromising your financial stability.

Creative Leasing

Customized leasing solutions

From "Activity Based Leasing" (where you make payments only when you use the equipment), to complete equipment gangs, FCM Rail will engineer a solutions that fits your needs. We'll help you maximize your financial flexibility to maintain positive cash flow, fix payments to protect against inflation, and free up capital to take advantage of opportunities down the road.

Competitive pricing

You shouldn't have to compromise quality for price. At FCM Rail, we deliver both -- with a guarantee that you'll get the best price for the best-quality MOW equipment. That's what we call value, and we believe it's what every one of our customers deserves.

No hidden fees

"Documentation fees," "early terminations fees," "end-of-lease fees." Whatever the name, they're some of the nickel-and-dime costs other companies may add to your lease. But we won't. The price you see is the price you pay. Period.
